Sacred & Indian trees (1)

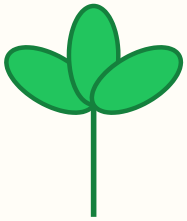

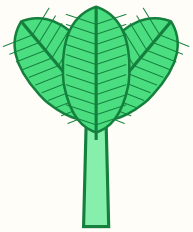

Sanskrit	English · botanical name	Traditional / cultural use
तुलसी tulasī	holy basil *Ocimum tenuiflorum*	Grown in a raised pot (tulasī-vṛndāvana) in the courtyard and worshipped with water and a lamp each day; Tulasī Vivāha is celebrated in Kārtika.
वटः vaṭaḥ	banyan *Ficus benghalensis*	On Vaṭa Pūrṇimā (Vaṭa Sāvitrī) women tie threads around the banyan and pray for their families. Its hanging roots make it a symbol of long life.
अश्वत्थः aśvatthaḥ	peepal, sacred fig *Ficus religiosa*	People walk around (pradakṣiṇā) the aśvattha in temple yards. The Buddha attained enlightenment under one (the Bodhi tree).
निम्बः nimbaḥ	neem *Azadirachta indica*	At Ugādi / Yugādi, a mix of neem flowers and jaggery reminds us that life has both bitter and sweet. Traditionally used in Āyurveda.
आम्रः āmraḥ	mango *Mangifera indica*	Mango leaves are hung as a toraṇa over doorways and placed in the kalaśa at ceremonies.

🌱 **Did you know?** One banyan can grow into a whole “forest”. The Great Banyan in the botanical garden at Howrah, near Kolkata, covers about 1.9 hectares (more than four football fields).

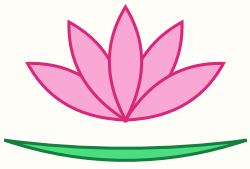

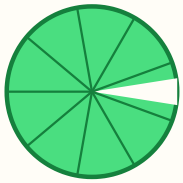

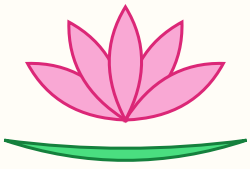

Sacred & Indian trees (2)

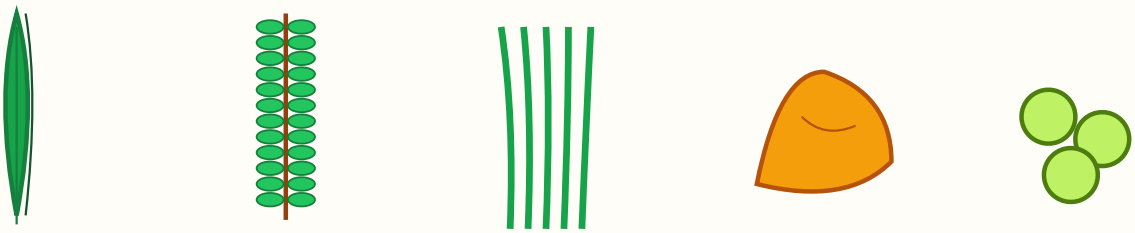

Sanskrit	English · botanical name	Traditional / cultural use
बिल्वः bilvaḥ	bael, wood apple *Aegle marmelos*	Its three-part leaves (bilvapatra) are offered to Śiva.
कमलम् · पद्मम् kamalam · padmam	lotus *Nelumbo nucifera*	India's national flower; Lakṣmī and Sarasvatī are shown seated on a lotus. It grows in mud yet stays clean.
नारिकेलः nārikelaḥ	coconut palm *Cocos nucifera*	A coconut is offered or broken at new beginnings and placed on the kalaśa.
कदली kadalī	banana plant *Musa species*	Banana plants are tied at gateways for weddings and festivals; the leaves are used as plates for festive meals.
चन्दनम् candanam	sandalwood *Santalum album*	Its fragrant paste is used for tilaka and in worship.

🌱 **Did you know?** Water drops roll off a lotus leaf without wetting it. The Gītā (5.10) says a wise person stays untouched like that: पद्मपत्रमिवाम्भसा, "like a lotus leaf by water".

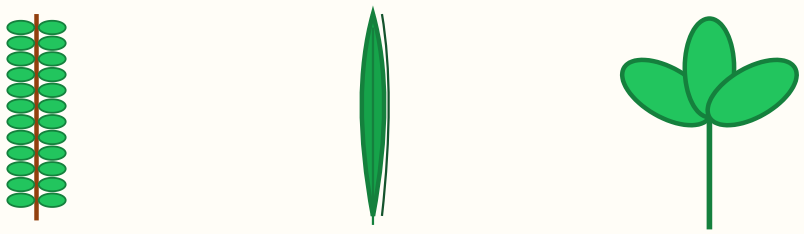

Sacred & Indian trees (3)

Sanskrit	English · botanical name	Traditional / cultural use
अशोकः aśokaḥ	ashoka tree *Saraca asoca*	The name means “without sorrow”. In the Rāmāyaṇa, Sītā stayed in the Aśoka-vana in Laṅkā.
शमी śamī	shami, khejri *Prosopis cineraria*	Worshipped on Vijayadaśamī; its leaves are exchanged as “gold” in some regions.
दूर्वा dūrvā	Bermuda grass *Cynodon dactylon*	Blades of dūrvā, usually in groups of three, are offered to Gaṇeśa.
हरिद्रा haridrā	turmeric *Curcuma longa*	Used in daily cooking, in the haldi ceremony before weddings and to make kuṅkuma. Traditionally used in home remedies.
आमलकी āmalakī	Indian gooseberry, amla *Phyllanthus emblica*	The tree is honoured on Āmalakī Ekādaśī. The fruit is traditionally used in Āyurveda (for example in triphalā).

🌱 **Did you know?** The शमी (khejri) grows even in the Thar desert and is the state tree of Rajasthan.

Ślokas · श्लोकौ

For the aśvattha · अश्वत्थः

मूलतो ब्रह्मरूपाय मध्यतो विष्णुरूपिणे ।
अग्रतः शिवरूपाय वृक्षराजाय ते नमः ॥

mūlato brahmarūpāya madhyato viṣṇurūpiṇe |
agrataḥ śivarūpāya vṛkṣarājāya te namaḥ ||

Meaning: Salutations to you, king of trees, who are Brahmā at the root, Viṣṇu in the middle and Śiva at the top.

For the tulasī · तुलसी

यन्मूले सर्वतीर्थानि यन्मध्ये सर्वदेवताः ।
यदग्रे सर्ववेदाश्च तुलसीं तां नमाम्यहम् ॥

yanmūle sarvatīrthāni yanmadhye sarvadevatāḥ |
yadagre sarvavedāś ca tulasīṃ tāṃ namāmy aham ||

Meaning: I bow to that tulasī at whose root are all the holy places, in whose middle are all the deities and at whose top are all the Vedas.

Notice the words मूलम् (root), मध्यम् (middle) and अग्रम् (top) in both ślokas.
