How to use this book · कथं प्रयोक्तव्यम्

1. Say each letter aloud. The grey letter shows the shape.
2. **Trace** the grey letter with a pencil, then **write** it in the empty boxes.
3. Do one page a day. Short, happy practice is best.
4. Read the transliteration (Roman letters with marks): ā is a long a, ṛ is a vowel r, ṣ and ś are two kinds of sh.
5. Try the exercises at the end, then check your answers in the answer key.

> Tip: Sanskrit is written from left to right. Most letters hang from a top line called the **śiro-rekhā** (शिरोरेखा).
